Description :

Prsentation de l'diteurLife begins at fifty . . . Well, it certainly does for Hope, though not at all as she had planned. She reluctantly hits her half-century on New Years Day and six months later she has lost her job, her husband and her mother. But Hope has guts and a sense of humour. By the time she reaches fifty-one, she has acquired a taste for designer underwear, a Labrador puppy and the memory of one perfect night in Paris. Who says fifty is over the hill?Revue de presse"Kelsey, a magazine editor herself, creates a witty foray into one woman's psyche as she accepts her age and proves that there is, indeed, life and adventure

after the 50-year milestone." (Booklist Patty Engelmann 2009-01-00)"A first novel that offers a uniquely British twist on the erosion of a middle-aged woman's confidence . . . Hope's candid, sardonic voice and the author's biting wit elevate the book." (Kirkus 2009-01-00)Prsentation de l'diteurLife begins at fifty . . .
