This is one of his best-loved novels, a compulsively readable thriller, packed with suspense, intrigue and passion. It will recruit a new generation of fans to his writing. Revue de presse One of the best novel i have read. The way sidney sheldon has described the whole story cannot be described in words. This is the very first novel of sidney sheldon i have completed and it took me about 1 month but really worth the money. every page i turned was a suspense. No Second thoughts, Go for it straight Away. --Ashish Bajaj Apr 17, 2015 The book starts with an emotional description of misfortunes and hardships faced (perhaps the success sentiment of Sidney Sheldon from my experience of him from reading Rage of Angels) by Jamie Mc. Gregor. The book boasts of the family line of a Ninety year old wealthy 'Master of Game' named Kate Blackwell as the lead, but other characters are equally or may be have higher importance in the story line. The events associated with several characters of the book are loosely connected and one may not feel that the tale as whole may not come under one umbrella. The narration and characterization was a pleasure to read --Shashank Pedamallu Feb 24, 2013 Master of the Game is one of the finest works of Sidney. A very captivating plot to read. The female protagonist plays a perfect master-mind. Towards the end, the reader is filled with excitement that 'what next is she going to do now?' Its a '10 on 10' and a must read book if one is a hardcore Sidney fan.. --yakata sharma Aug 19, 2012 Prsentation de l'diteur One of Sidney Sheldons most popular and bestselling titles, published in ebook format for a new generation of fans.
