Revue de presse

Quotes from reviews of Andrews et al./RAW Workflow from Capture to Archives: "I am not an expert, but as someone trying to improve my skills with Raw, this book definitely covers the waterfront. I am very pleased. It has a very nice mix of text pictures and examples. Very easy to follow, and offers a wide choice of options for editors, setting up a workflow and covering the subject." "You'll take all your pix in RAW after reading this. This excellent book presents a thorough, in-depth discussion of capturing, processing and manipulating images from digital cameras...the book is very well written, and makes both the camera and computer concepts and techniques accessible to a wide spectrum of readers, including experienced file photographers new to digital photography, casual digital photographers wanting to improve their camera and/or software skills, and Photoshop users who want to learn more about digital photography."
