Description :

Prsentation de l'diteurWith an essay by Robin Gilmour.'It was so hard that the pleasant waters of his little stream should be disturbed and muddied ... that his quiet paths should be made a battlefield: that the unobtrusive corner of the world which been allotted to him ... made miserable and unsound'Trollope's witty, satirical story of a quiet cathedral town shaken by scandal - as the traditional values of Septimus Harding are attacked by zealous reformers and ruthless newspapers - is a drama of conscience that pits individual integrity against worldly ambition. In The Warden Anthony Trollope brought the fictional county of Bassetshire to life, peopled by a cast of brilliantly realised characters that have made him among the supreme chroniclers of the minutiae of Victorian England.The first book in the Chronicles of Bassetshire.The Penguin

Presentation de l'auteur With an essay by Robin Gilmour. 'It was so hard that the pleasant waters of his little stream should be disturbed and muddied ... that his quiet paths should be made a battlefield: that the unobtrusive corner of the world which had been allotted to him ... made miserable and unsound' Trollope's witty, satirical story of a quiet cathedral town shaken by scandal - as the traditional values of Septimus Harding are attacked by zealous reformers and ruthless newspapers - is a drama of conscience that pits individual integrity against worldly ambition. In *The Warden* Anthony Trollope brought the fictional county of Barchester to life, peopled by a cast of brilliantly realised characters that have made him among the supreme chroniclers of the minutiae of Victorian England. The first book in the *Chronicles of Barchester*. The Penguin English Library - 100 editions of the best fiction in English, from the eighteenth century and the very first novels to the beginning of the First World War. Biographie de l'auteur Anthony Trollope (1815-82) was one of the most widely enjoyed and prolific novelists of the nineteenth century. His books include the great *Chronicles of Barchester*, of which *The Warden* is the first volume. Trollope worked for the Post Office for much of his adult life, combining postal and literary business as he travelled around the British Empire. He has been credited with the creation of the distinctive British pillar box. The other five titles in the *Chronicles of Barchester* are *Barchester Towers*, *Dr Thorne*, *Framley Parsonage*, *The Small House at Allington* and *The Last Chronicle of Barset*, all of which are published in the Penguin English Library.
